

HACIENDA PINILLA

CASA NIBANNA

REDUCED! US\$ 668,000

This 296m² villa was designed by Costa Rican architects and the owners. The vision was to build a truly Spanish Colonial house with traditional finishes and designs with modern conveniences. It also has a covered rancho of 22m² next to the pool with a BBQ area to enjoy the warm nights of Costa Rica.

Art and antiques are found throughout the house, which makes it particularly welcoming! All doors, windows, flooring, light fixtures and tiling are based on Columbian, Mexican and Costa Rican designs.
