Flamingo Marina Resort three bedroom three bathroom, beachfront condo, located in Flamingo Costa Rica right next to the Marina. Very calm and private. The condo is completely brand new, the owner is just finishing a complete remodel. Absolutely everything is new: doors, windows, bathrooms, kitchen, floors, furniture, appliances. The beach in front of the condo is always calm and perfect for swimming. Very private, very secluded and still within minutes from the village. A brand new beach front condo in Flamingo Costa Rica for close to \$400,000 is a rare find! The new kitchen will be installed the second week of May, we will update the pictures. They will be exotic cedar wood with beautiful black granite.
