SUENOS I #9 - 2 BED TOWN HOME

US\$ \$110,000

Los Suenos 1 is only 300 meters from Tamarindo Beach. This 2 bedroom, 2 1/2 bath dream townhouse is an end unit in a boutique gated community. The bedrooms are on the second floor with the master suite having its own full bathroom attached. The second bedroom shares the full bath in the hall. The downstairs is set up like a beach bungalow with the living, dining, half bath and kitchen all in an open floor plan. It is homey with a size just under 100 square meters of condo and 20 sq meters of additional titled outdoor space.

The townhouse has its own titled car port that is included inside the gate and there is a patio on the outside of the kitchen area by the pool. The gardens are well maintained and mature. The pool is large and shares a Racho and BBQ area. Great for living full or part time and extremely good for vacation rental. With only 13 units in total, it feels more like a neighborhood than a condo with a nice mix of permanent residents and visitors. Only 5 minute walk to the beach, restaurants, market and activities. Truly part of the Tamarindo culture, Los Suenos is a condo that you need to check out.
